Hi Kim:
Loreen indicated that 15 and 23 have been sent out (on Friday I believe). Let me know if you've not received by Tuesday. The requisition has been initiated for both 15 and 23; POs for these agreements should hopefully be issued within 5-10 working days.

PA 24 is now fully executed; your set of originals should be sent out this week by Loreen. We should be able to get the requisition initiated for this PA on Tuesday; turn-around on issuance of the PO number should be 5-10 working days after that.

Project agreement 25 is still under review. I had hoped to have our feedback out to you today, but it will probably be Wednesday.

Lastly, we're still waiting on the POs for 9 and 18 - our Purchasing agent has said he will have them to us this week. I will turn them around as soon as we receive.

If you need other information, please let me know.

Thanks,
Valerie

Valerie,

During our conference call yesterday, you had mentioned that Project Agreement #23 (Short Term SCoR AA01304) was to be sent, fully executed, this week. Project Agreement #24 (Long Term SCoR AA01564) was awaiting on more internal review and would possibly be signed and sent, fully executed, this week. Is Friday mailing date still realistic? Any news on timelines for receipt of PO numbers for these two?

Would you please update me on the status of Project Agreement #15 (Long Term Accord 28123)? When do you foresee a fully executed agreement and PO number?

Project Agreement # 25 (Total Exposure Study AA01879) was e-mailed for review on 30 Aug. Any news on where this stands? I have not routed through MDS for approval as of yet.

Finally, did you have any luck finding PO numbers for Project Agreements #9 (Dedicated Proj Manager AA00389) and #18 (Re-analysis of Free and Total NNAL 26586-2)?

Thanks
Kim
